## 'Sorrell & Son'

"Dad—I'll always stick by you!"—and with his son's simple pledge of eternal comradeship ringing in his ears, Capt. Stephen Sorrell, M. C., went forth, with joy in his heart, to fight his greatest battle—to win from life, happiness for "Kit."

At no time has there been prepared for the eyes of the world such a living, glorious, stirring story of sincere love. The love of a father for his son; a love that laughed at a world that called him a failure—a love that asked of life only one reward: "Make me a success as a father." Could a mother do more for her daughter?

## Community Hall Is Under Way

Active building operations on the new community hall sponsored by the Elks' Lodge began on Tuesday morning on the site selected, opposite the United Church, one block north of the Canadian Bank of Commerce. The size of the hall will be 38x50 feet, with full basement. The plan of the superstructure indicates a handsome building which will be a credit to the town when completed in addition to a long desired utility, and its location so close to the centre of the town and on the most travelled street is highly satisfactory. The basement will be dug and the gravel hauled by contributed labor and this part of the work will be hurried to a conclusion at the earliest possible moment so as to take advantage of the favorable weather. Evidently it will not be very long until the opening of the new hall may be announced.

## Curling Club Elects Officers and Skips

A meeting of the Curling Club, held in W. C. Hoskins' store on Tuesday night, the following officers were elected:

President, A. W. Jopling.  
Vice-President, J. E. Clapp.  
Sec. Treas., J. D. Henderson.  
Executive Committee, President, Vice-President, Sec. Treas., and Messrs. W. C. Hoskins and J. T. Stephenson.

Ice Committee, C. McLean, J. S. Collins.  
Skips, A. Baker, A. Woodhull, J. D. Henderson, W. M. Duncan, H. C. Jopling, P. Hohn, Lyman Jopling, Horace Gill.

The matter of fees was left over to a later date.  
As will be noticed both officers and skips are new men and it is hoped that interest in the game will be largely increased by the new blood in the management.

## Excelsior C.G.I.T. Group Entertains Successfully

On Friday evening, November 2nd, the Excelsior group of the C. G. I. T. entertained in the church at a Halloween masquerade party. The room was appropriately decorated with Halloween favors, and amid this setting, elaborately costumed witches, cat-ghosts, and other deviates of the eve, held their revels. The time was enjoyably spent in games and group singing. One interesting feature of the programme was the bean-carrying contest, in which Miss Smithson won the honors. Mrs. Alexander excelled in the cat-gunning contest. The prize for the best costume was awarded to Miss Jean Gardner, who wore a very representative Chinese costume. Miss Edna Orr, as Mother Goose, was a close contestant for the prize. Everyone was masked, from the smallest cat to the largest ghost, and all entered wholeheartedly into the spirit of the evening. A dainty lunch was served, during which time the fortunes of the company were decided by the Fates. The guests included the Girls of Progress group of the C. G. I. T., Mrs. Hunt, Mrs. Alexander, the Misses Bond, Moyle, Cameron, and Fleming, and the girls of the high school. Much credit is due the girls of the Excelsior group for their able management of all the details of the entertainment.

## Local and General

Mr. and Mrs. J. S. Alexander spent Thanksgiving at Retlaw. Mr. Alexander's sister returned with them and will visit here for a time.

Dr. and Mrs. Hearn, Miss Fleming and Messrs. J. D. Henderson and Sam Jopling attended the military ball at the Margate hotel, Lethbridge on Monday night.

## Champion United Church Celebrates Thanksgiving

Rev. Dr. A. S. Tuttle, M. A., D. D., of St. Stephen's College of the United Church, Edmonton, placed Champion in his debt and in debt to the town which he so splendidly serves by his visit over the Thanksgiving season. Dr. Tuttle brought before us on Saturday evening the wonders of the "World Great" and the "World Small," concluding with his own note of assurance in a world where God reveals himself not only in matter, but in mind and heart, in a most wonderful and satisfying way in His Son.

At Sanderson school on Sunday afternoon, Dr. Tuttle gave a learned yet simple sermon on the familiar text: "Come unto me all ye that labor and are heavy-laden and I will give you rest," pointing out the need of the individual and the world to be brought into rest by the One who rested in His Father's all-wise, all-loving purpose, unaffected by the gathering storm that has accomplished his death yet did not defeat him.

In the evening at Champion, the text selected was "They did not retain God in their thoughts." The speaker made a strong plea for a genuine spiritual culture to produce moral fibre to steady men in their handling of great and new material powers and forces. The Place of the Church in the Life of the Individual and of the Nation might have been stated as the subject of a brief address given on Monday evening, when after a few pleasant and intimate remarks Dr. Tuttle gave the statements of outstanding men, in service club, professional, scientific and diplomatic circles to the effect that the Church was producing spiritual values in the life of the individual and the nation without which there could be no hope for our civilization. Dr. Tuttle's messages were timely, well-spoken and sincere. Confidence in the educational institutions of the church and inspiration for all who heard him, is the result of his contact with us.

The choir under the leadership of Mr. G. M. Campbell, greatly assisted Sunday evening's service. The Thanksgiving Chicken Supper served by the Ladies' Aid was highly praised by all. The play, "The Cat-Guns-Zed" given by members of the High School Lit. was most heartily appreciated, proving the most popular number of the program with young and old. Delightful musical numbers were contributed by Mrs. J. Hagerman and Mrs. H. Clement. Mrs. McLean, Mr. and Mrs. Duncan, Rev. Mr. Lee was unable to be present through bereavement, in one of the church houses at Barons. It is a matter of great satisfaction to the Church Board that weather and road conditions were such as to permit the gatherings for these happy occasions.

## LITTLE-FLORENCE

A quiet wedding was solemnized at the parsonage in Champion, Wednesday afternoon, November 14th, when Mr. Jay C. Little, son of Mr. and Mrs. Alfred C. Little of Stavelly, Alta., was united in marriage to Miss Stella L. Florence, eldest daughter of Mr. Andrew Florence, also of Stavelly. Rev. S. R. Hunt officiating ceremony. The bride was attended by the groom's sister, Mrs. B. Hummel of Champion, while the groom was supported by the bride's brother, Elton Florence. Mild showers of confetti, rice and all good wishes for a happy and prosperous future, the happy couple left on the evening train for Calgary where they will spend a short honeymoon, later returning to Stavelly where they will reside.

R. Blusson is now foreman in the Mielbach Garage, Lethbridge.

The Ladies' Aid will meet on Thursday, November 22nd, at the home of Mrs. E. Lauff.

The vacant land lying between the town and subdivision has been purchased by J. N. Beaubier.

Born—At the nursing home of Mrs. Milliken on Saturday, Nov. 10, to Mr. and Mrs. Henry Selland, a son.

Mr. and Mrs. A. W. Jopling and Mr. and Mrs. H. C. Jopling were on a trip to the Montana oil fields and Great Falls.

I. Granlin spent Thanksgiving with his daughter Gertrude, in Stavelly. The latter returned to Mount Royal college, Calgary, on Tuesday.

THURSDAY, Nov. 15, 1928

Publicity is a necessity to the development of any community or enterprise. There are different methods of achieving publicity which naturally include the spreading of news by word of mouth, by letter or circular and various other ways including bill boards, signs, etc., and the more modern radio distribution.

None of these, however, have been able to achieve such satisfactory results as a newspaper. It's regularity of publication permits every anticipated happening of general interest to be announced a sufficient time before its occurrence to allow everyone to participate in the event, of whatever character it may be. As a means of communication between business men and their customers it is the only utility that has consistently proven its value in either rural or urban centres. Other means of advertising are valuable in their places, but no means have been devised to replace the newspaper in distributing news or business announcements.

For a local paper to be a success it must have not only the support of business men but

of every possible adult resident of the community. It is not the publication of an advertisement that counts, no matter how attractive its contents, but the extent of its distribution, among possible customers. To insure the advertisements receive proper attention the medium by which they are carried must be attractive enough with news items to secure perusal of the paper by everyone, particularly the heads of households. Given these attributes the newspaper will invariably prove profitable to both public and publisher.

While there must be enough business support to make the newspaper financially possible, the co-operation of the community in making it generally interesting by contributing to its news columns whenever possible is just as essential if success is to be achieved. The operation of a local newspaper has never resulted in the publisher getting rich as a direct result of his newspaper work, in fact he is usually one of the poorest paid individuals in the community estimated upon the basis of the actual work he performs, and as a rule he contributes more to the advantage of general interests than of any other business concern. In consequence the suggestion of co-operation upon the part of the public can scarcely be taken as a request for charitable support. There is not an outstanding community in the country that has not a local paper, and the better the paper the better the community.

## How To Collect

"If you collect this money," said the printer, "I will give you a regular job."

To the printer's astonishment the young man returned in half an hour with the money.

"How did you do it?" he gasped.

"I told him," said the young man,

"that if he didn't pay me I would let all his other creditors that he had paid."

Humbug!—Well I have just paid the doctor ten dollars on our bill. Wife—Thank Heaven! Two more payments and the baby is ours.

To cope with increased business, the stamping plant of General Motors of Canada here will be doubled in capacity, and an additional 300 men will be employed in this unit. W. E. Davis, assistant general manager of the company, announced. The basement under the present stamping plant is being made ready for occupancy at a cost of about \$40,000, and an additional \$10,000 is being spent for new machinery. The new section of the plant will be in operation about March 1st.

The stamping plant is used chiefly for the manufacture of fenders, hood, radiator shells, and other sheet metal products used in making automobile bodies. The opening of a new plant at Regina and the opening of the Walkerville plant, both of which will assemble parts made in Oshawa and other eastern centres will it is expected, increase the volume of work for the local plant.

The building program announced

by General Motors includes a total of \$100,000 in actual building construction. Besides the stamping plant alterations, a 4,000 ton coal storage building is being built at a cost of \$40,000 and a considerable addition is also being made to the central heating plant equipment.

Additions to the lumber storage buildings and a new brake testing building will total \$10,000, all of these being exclusive of equipment.

## Changes in System Outlined to Teachers

Hon. Perren Baker, Minister of Education, delivered the feature address at the Southern Alberta Teachers' Association convention, which concluded at Lethbridge, Friday afternoon. After examining the weakness of the present form of educational administration in the Province, the speaker outlined the scheme of reform which it is hoped shortly to embody in a bill to be placed before the Legislature. This will involve a complete reorganization of the Province into 20 larger units or divisions, each divided into five wards. A superintendent and two helping teachers will be the organizing officials in each division and the whole scheme promises to lead a great improvement in educational connections. Dr. M. E. Lazerson of Alberta University also addressed the convention, which has been the largest on record.

### Seed Fair at Edmonton

The Alberta Provincial Seed Fair will be held in Edmonton during the week of January 15th, 1928. It is announced by Field Crops Commissioner W. J. Stephen. It is expected that the attendance will include a large number of farmers interested in the production of high quality seed grain, as well as many delegates to the U. F. A. annual convention, which is to be held in Edmonton during the same week. Arrangements are being made, as in previous years, to hold the annu-

al meeting of the Alberta Seed Growers' Association at the same time.

### Gasoline Consumption Increasing Rapidly

Sales of gasoline in Alberta for the first ten months of 1928 have exceeded by some 6,000,000 gallons the sales in any previous year, according to figures issued by the Department of the Provincial Secretary. This increased consumption is attributed to the ever-growing use of tractors, grain trucks and combined harvesters in the province as well as the increased number of automobiles licensed during the present year.

Records show that the consumption of gasoline in Alberta for the past seven years, with the exception of November and December, 1928, has been as follows:

|                                 |                    |
|---------------------------------|--------------------|
| 1922.....                       | 9,225,029 gallons. |
| 1923.....                       | 12,002,385         |
| 1924.....                       | 14,708,307         |
| 1925.....                       | 15,570,283         |
| 1926.....                       | 21,188,808         |
| 1927.....                       | 25,000,000         |

### Lethbridge Northern Gets Many New Families

During the past year in the neighborhood of 140 families have been settled on irrigated farms in the Lethbridge district. It is announced by James Pike, director of colonization for the Lethbridge Northern Irrigation District. This brings the total farm population in the Lethbridge Northern area up to some 800 families. One of the irrigation sections have been very good during the season, states Mr. Pike, but suffered, as in other parts of the province, from the effects of hail and frost and the probable result will be that more attention will be paid to mixed farming.

### No Corn Show This Year

Owing to the usual weather conditions during the latter part of August and early September, and the consequent reduction in the quality of much of the corn grown, the directors of the Provincial Corn Growers' Association after making a careful survey of the situation have decided against the holding of a corn show this fall. It may be noted that similar action has been taken by corn show for this season.

### Telephone Business Expands

Continued expansion of its services throughout the province during the month of October is reported by the Department of Telephones. An increase of 425 stations in operation is shown for the month, bringing the total increase for the first ten months of 1928 up to 2,700. In the Peace River and Grande Prairie districts new offices have been opened at McLeod, Nampa, Wainwright and Preston and a new long distance line connects Grande Prairie and Wembley. It is expected that an exchange will be opened shortly at Fairview and that existing equipment will be moved to new townships at Hythe, Beaverlodge and Blinkey.

A new office has been opened at Turner Valley and at the new township of Mallaig on the Bonnyville extension of the C. N. R. Continuous service was initiated at Halkirk on October 1st. Toll traffic throughout the province for October amounted to \$102,884.85, showing an increase of \$11,711.30 as compared with the corresponding month last year.

### Extensive Grazing Leases

During the year 1927 there was in existence on Dominion lands in the province of Manitoba, Saskatchewan, Alberta and in the Peace River tract and the Railway Belt in the province of British Columbia, some 9,777 grazing leases covering an area of approximately 6,007,183 acres. Returns received in the Department of the Interior for the year 1927 in connection with these leases indicate that 283,742 head of cattle, 127,792 horses, and 123,008 sheep, or all told, 534,502 head of live stock were pastured on lands covered by these government leases.

### Poultry Show Prize List Issued

The Prize list for the Alberta Provincial Poultry Show, which is to be held at Calgary December 14th to 17th, 1928, is now ready for distribution, and copies may be had by request from the Secretary, Calgary Poultry and Pet Stock Association, Exhibition offices, Calgary.

for all varieties of Poultry, Turkeys, Geese, Ducks, Bantams and Pigeons, there are several pages of special prizes and challenge trophies to be competed for.

Besides the open classes in all the recognized breeds, there are sections for Production Classes and Novice Classes, and these carry the same liberal cash awards as the open classes.

Then there are divisions for Eggs and for Dressed Poultry. The Dressed Poultry display is always a big attraction, and when the exhibits in this department are auctioned on Wednesday evening, there will be spirited bidding and fine prices realized.

Prospective exhibitors would do well to procure a copy of the prize list early and study its contents.

"Tommy," said the careful mother, "do I actually see you playing with your soldiers on the Sabbath day?" "Oh, that's all right, ma," replied the young hopeful, "this is the Salvation Army!"

John and George, small sons of a Baptist minister, after listening to one of their Father's doctrinal sermons, in which he set forth that baptism by immersion is essential to soul salvation, decided they must baptize their family of cats.

The kittens made no objection. One by one they were soaked in the big tub of water.

But when it came to the Mothercat, she at once rebelled—and fought—and scratched—until at last in desperation, John remarked: "Just sprinkle her, George, and let her go to Hell!"

An American, newly arrived, went into a London tea-shop, took a seat, and waited. Presently a bright-eyed waitress approached him and asked, "Can I take your order?"

"Yes. Two boiled eggs and a kind word."

The waitress brought the eggs and was moving on when the American said, "Say. What about the kind word?"

The waitress leaned over and whispered, "Don't eat the eggs."

## Only One Chance In Thirty-Six Billion

Farmer in Manitoba Loses Thirty-Six Billion

There is one chance in thirty-six billion of it happening again.

At the town of Argus, Manitoba, on September 20, a farmer named C. R. Somerville, loaded part of his crop of Number 2 Durum into Canadian National Car No. 428871. The car went to the head of the lakes, was emptied and started westward. On October 1, eleven days later, it left the same station, Argus, loaded with grain from the fields of the same farmer, C. R. Somerville. This time the wheat was Number 4 Durum. The car was the same and the farmer was the same.

T. P. White, Canadian National Railway superintendent of car service, thinks the incident is a reflection on the smoothness with which the great machine of grain transportation, handling millions of bushels a running, but he realizes that it will never happen again in his lifetime.

From statistics as to the number of box cars and shipping stations in the west, and taking an average of 75 farmers who might possibly load on a point like Argus, it has been calculated that there is one chance in thirty-six billion of a car going back to the same shipper at the same point.

Don't fall in love—the fall may break your heart!

The advance of aviation has brought with it one development that cannot be regarded with equanimity, and that is the use of loud speakers for advertising at its worst. Voices from these flying loud speakers have been the merest of this or that face cream, movie, cigarette or what-not in a manner that can be heard all over the town. There is no escape from it. Any one in the streets below gets this raucous appeal to buy drummed into his helpless ears, whether he likes it or not.

Our cities are noisy enough now. It might be a good thing to see if the statutes governing public nuisance cover the case.

## Badger Skins Are Valuable

Pelts Should Be Taken in the Right Season, However

Badger skins, if taken off animals at the right season, and not spoiled in handling, are now quite valuable. At the recent fur auction in Winnipeg the best badger skin sold for \$52.00, and a good average skin is worth, perhaps, about \$20.00 to \$25.00. But many people are taking these pelts during the late summer and fall, when the skins are worthless, or practically so. Badger skins are most valuable after the animals have some out of their winter retirement. Skins taken in the spring are valuable; those taken in the fall are almost worthless. About twenty thousand badger skins are marketed annually in the three Prairie Provinces.

## Prominent Health Officials

Four prominent Canadian health officials have been appointed to the new department of Public Health in the School of Hygiene, of the University of Toronto. They are Dr. R. B. Jenkins, Edmonton; Dr. F. W. Jackson, Winnipeg; Dr. P. S. Leake, Battleford, Sask.; Dr. Eva Mader, Kentville, N.S. The fellowships were established last year for the purpose of increasing the number of public health workers in Canada.

## CHILDHOOD AILMENTS

Can Be Quickly Banished With Baby's Own Tablets

The ailments of childhood are many but nine-tenths of them are due to indigestion. Indigestion is a disordered condition of the stomach and bowels, and is usually caused by the minor ailments of babyhood and childhood. The bowels move irregularly and work regular and the stomach must be stewed.

No mother who has a little one has had such success as has Baby's Own Tablets. They banish indigestion and indigestion; break up colds and simple fevers; correct diarrhoea and colic and promote healthy sleep by regulating the functions of the stomach and bowels. Concerning the Baby's Own Tablets, Dr. W. L. M. Brown, Walton, N.S., writes: "I cannot speak too highly of Baby's Own Tablets. They are the best thing I have ever known for children."

Baby's Own Tablets are sold by medicine dealers, or by Dr. Williams' Medicine Co., Brockville, Ont.

The fact recently has come to light that the very oldest newspaper in existence is, or was, the official "Pekin Gazette" and that it has been produced continuously for more than a thousand years. This Methuselah among newspapers not only claims an honorable title, it claims a record in martyrdoms as well. It is credited to stand during its publication no fewer than 1,500 years of the paper's editors have been executed. If this is correct, just imagine what the slaughter must have been among reporters.

Grocer—"Yes, lady, these eggs are fresh from the country."

Suspicious Customer—"What country?"

## Northern Alberta Boys' and Girls' Swine Club

First Prize In C.P.R. Competition Won By Members Of Club At Willington

First prize in the Canadian Pacific Railway Competition in the Boys' and Girls' Swine Club show for Northern Alberta, was won by Parfait Luszurik and Harry Strymadka, members of the Swine Club, at Willington, on the New Canadian Pacific Railway. The club was organized in 1927.

Second prize went to Benny Flaada and Bernie Koltzsch, of the Hardisty Club, and third, Thurston Smith and Edwin Hergul, of the Selkirk Club.

Handsome medals were presented to members of the winning team by the C.P.R. Division of the Canadian Pacific Railway competition in the Edmonton Division of the Canadian Pacific Railway. Both members of the team are of Ukrainian descent and are sons of prosperous farmers in the district.

Each of the boys is 17 years old. Strymadka is in grade ten at Desjardins school, and Luszurik is working on his father's farm.

The Willington team will proceed to Calgary where they will compete with the winners of the Canadian Pacific Railway competition in the southern part of the province, for the trophy awarded to the highest scoring team in recent years in the quality of swine.

Local officials of the railway company, of Provincial and Dominion departments of agriculture and livestock interests are well pleased with the successful results of the Boys' and Girls' Club work during the past season, and credit is given to these clubs for much of the improvement noted in recent years in the quality of hogs shipped to market from many districts in the province.

PAUL'S EXPERIENCES IN JERUSALEM

Golden Text: "The strength in the Lord and in the strength of His might."—Ephesians 6:10.  
Scripture: Acts 21:27-28, 35.  
Devotional Reading: Ephesians 6:10-20.

**Explanation and Comments**  
Paul's Request, 21:37-38.—Read the earlier verses of this chapter. Paul is standing on the stairway leading to the outer court of the temple up to the tower of Antonia, and before him is Claudius Lysias, chief captain of the band. "May I make something of this?" Lysias asked. In his turn, "Do you know Greek?"

"And was it not a needless surprise?" Paul was a university man. He was cultured to his finger tips. He had all of the greatest brains of history. We all often reproduce the role of the great Captain. He was amazed how well read and intelligent was that unassuming man. But our surprise was needless. Assumption is not culture. The spiritual quality of Paul's mind often surprised us. We say, "I never thought that man was so Christian." "I never dreamed that woman could have been such a heroine amid sorrow." But we were wrong. There were many more like Lysias knew Paul. And did not we have the life of devotion and the Saviour of the world. We knew not their prayers, their unbroken faith, their devotion, their great devotion to the spirit of Christ.

"Do you know Greek?" "Yes, I do." "May I leave to speak to the people?" This was Paul's request of the Chief Captain. "Let me do this, away from this mob," would have been the anxious plea of men in Paul's position, and perhaps it was surprising, which let Lysias want to speak to the howling Jews below him.

"Great deeds are before me, and great." And whether crowned or crownless when I was a young man, I have seen it matters not, so as God's work is done.—Alexander Smith.

Paul's Address, 21:39 to 22:1.—Then Paul, torn and bleeding as he was, and chained to two soldiers, stood on the stairway above that howling mob who were thirsting for his blood. He addressed them in their own language, and he said to them, "I am a Jew."

He defended himself from the charge that he was an enemy of the people of the law and of the temple. He told them that he was a Jew, and that he was a Jew. He told them that he was a Jew, and that he was a Jew. He told them that he was a Jew, and that he was a Jew.

He told them that he was a Jew, and that he was a Jew. He told them that he was a Jew, and that he was a Jew. He told them that he was a Jew, and that he was a Jew. He told them that he was a Jew, and that he was a Jew.

He told them that he was a Jew, and that he was a Jew. He told them that he was a Jew, and that he was a Jew. He told them that he was a Jew, and that he was a Jew. He told them that he was a Jew, and that he was a Jew.

## Ladies' Aid Bazaar Saturday, November 24th.

Preparations for the Ladies' Aid bazaar, which will be held on Saturday, Nov. 24th, are well advanced and it is hoped the results achieved this year will eclipse all former efforts in this line. The usual booths, a fishpond, and all the attractions of former years will be there, while the articles to be offered for sale will be in greater quantity and better in quality.

By all means don't miss the bazaar on Nov. 24th.

Mr. and Mrs. Dean Smith returned from Calgary on Monday. Mr. Smith was called back Wednesday and Mr. and Mrs. Harry Smith motored with him to Calgary.

Continuing the series—Men Whom Jesus Made, subject for Sunday evening, "Matthew, the social outcast."

## BECAUSE IT PAYS

The one great reason for having a Farmers' Company is that it pays farmers to have it.

And the one great reason for using the Farmers' Company elevator is that it pays to use it.

Long experience has proved to farmers that it does pay to have a Farmers' Company and that it does pay to make use of it.
